Objective

Outstanding devotion, hard work, enthusiasm, timeliness, and self-conduct towards other people as well as towards the workplace colleagues. I am also capable of operating in a setting with a lot of big loads.

Educational Qualifications

- a) B. Tech CSE (Computer Science and Engineering)-Lourdes Matha College of Science Technology, Kuttichal, Thiruvananthapuram -A.P. J Abdul Kalam Technological University (Kerala Technological University)
- b) Class XIIth-Good Shepherd Public School & Junior College, Thengana, Changanacherry (CBSE) -65% June 2019
- c) Class Xth-Matha Senior Secondary School, Thumpoly, Alappuzha (CBSE) -92% June 2017

Technical Skills

- Graphics Designing, Special Designing like Web, UI/UX, Other Creations, etc.
- Leadership, event management, and coordination
- Programming and development of Web, Android, and s/w applications
- Able to assist with the configuration of both hardware and software as a technical worker
- Capable of working on a variety of disciplinary backgrounds due to extensive and robust connections with other platform sectors in CS/IT, mechanical, civil, etc.
- Operating Systems: Windows, Linux, Ubuntu, Android
- Programming Languages: C++, C, Java, Python, HTML, JS, CSS, PHP

Significantly specialized software components known

Almost all Adobe s/w 's like Photoshop, Lightroom, Illustrator, and moreover Figma, Framer, Canva etc. Tools for heavy work, such as WordPress, 3ds Max, Blender AutoCAD, and Office Suite S/w 's like Word, PowerPoint, Excel, Databases S/w etc

Achievements & Certifications

I have seized the chance to serve as the coordinator for several professional technology events related to intercollegiate activities and online virtual events. Have utilized possibilities provided by Student Partner programs, which have hired interns from Internshala and several other platforms. I acquired my graphic design talents by completing a Graphic Gateway Diploma Certification at Drisya College of Media Studies, Alappuzha.

Seminars & Projects:

A seminar presentation on the subject of "*DevOps: A New Era Towards Cloud Technology*" was required for my B. Tech. 7th semester. The "*e-Gadget Management System*" mini-project, which was required for my sixth semester of my B. Tech, was successfully completed by my team and me. I collaborated with my team on the primary project for my last year of a B. Tech degree, "*DEMETER, a model of Plant and Crop Disease Detection Tool.*"

Hobbies & Interests

Producing artistic design work on rough paper and using a pen and competent software like Illustrator, Sketchbook. Etc. Used to build the skills through various learning platforms and resources, including webinars, tutorials, seminars, and other things. Timings for inspirational and motivating speeches by well-known people, films, television shows, and other things for a later time.

Interests: Mostly in technological expert fields, motivational discussions, design industry advances, new skill updated versions, etc.
